Suggestion for Town Shop. Turn heat down for Friday/Saturday/Sunday. Keep between 58 and 59.

Anderson will continue with his current practice.

Road Work/Equipment – not get shouldering done on 550th for a yard. Skid steer has been rebushed on both sides, readjusted, pretty solid. Not using skid steer at this time, do we want to sell at this time? Put on December agenda to determine if we will be selling the bob cat middle of winter or April. New truck has excellent hydraulics. Grader – hydraulics not working properly and steering not working properly. This is a CDL machine. Anderson does not want to operate the grader anymore unless the town takes the responsibility. Have a mechanic look at the grader, not sure who will work on it. Possibly Eau Claire Case. We have sand, etc. 10 loads of limerock from pit, trucking with Wirth, Bernier will check on billing. Limerock needed by Lobacks.
